

## Information for New Patients for Myeyespecialist

### Location and car parking

- We are located on level 3 of Robina Town Centre shopping mall
- You can use any of the mall car parks but you may find the green (Target), the purple (Coles) or the orange (Kmart) can park most convenient, depending where you are coming from
- We are located adjacent to customer service, down a corridor next to the Platypus shoe store which has a distinctive turquoise sign.

### Consultation

- Allow 2 hours for your consultation.
- You will be seen by an orthoptist first, various tests may need to be done prior to seeing the ophthalmologist. Depending on your condition, you may then have drops put in to dilate your pupils. Qld transport recommends that you do not drive for 2 hours after the dilating drops have been administered. If possible bring a driver.
- You may request not to have dilating drops but your examination will not be complete.

### What to bring

- Current referral from GP/Optomtrist or Specialist
- Current glasses- both driving and reading
- Medicare, pension and concession cards
- A method of payment – Cash, Eftpos, Credit Card ( including Amex). We accept cheques.

### Medicare Rebate

- If you bring along a cheque or savings account card we are able to organise your medicare rebate to go directly back into your account.

Please understand that you may require a laser scan of the back of the eye, which does not receive a medicare rebate.

**We look forward to seeing you.  
Myeyespecialist Team.**
